

Charger cable

CONTENT

IMPORTANT NOTICE

- Contact the place of purchase or a distributor for information on installation, adjustment, and replacement of the products which are not found in the user's manual. A dealer's manual for professional and experienced bicycle mechanics is available on our website (<https://www.darfonenergy.com/tw/>).

For safety, be sure to read this “user's manual” thoroughly before use, follow it for correct use, and store it so that it can be referenced at any time.

- The following instructions must be observed at all times in order to prevent personal injury and physical damage to equipment and surroundings. The instructions are classified according to the degree of danger or damage which may occur if the product is used incorrectly.

DANGER	Failure to follow the instructions will result in death or serious injury.
WARNING	Failure to follow the instructions could result in death or serious injury.
CAUTION	Failure to follow the instructions could cause personal injury or physical damage to equipment and surroundings.

IMPORTANT SAFETY INFORMATION

CAUTION

- Do not disassemble or modify the product. This may cause the product to not operate correctly, and you may suddenly fall.

NOTICE

- Please always keep the charge port cap well-covered while not using it.

INSTALL THE CHARGER CABLE

- Ensure the charger cable passes through the frame tube.

- Use 4 screws to fasten the charger cable onto the frame securely.

- Match the connectors on the charger cable with the corresponding connectors on the mount.

TROUBLESHOOTING

Details	Causes / possibilities	Remedy
Cannot fully connect with connector.	Is there foreign matter inside the plug ?	Contact the place of purchase.
Rubber cap missing or damaged.	Assemble or use incorrectly ?	Contact the place of purchase.
